As you know ISB has no direct involvement with OGC. A known matter of concern, however, is the requirement to advise a contractor's employee that is being denied a clearance that the sponsoring agency is CIA (for purposes of appeal, etc.). The irony is, as one corporate security manager put it, that only the undesirables are made aware of the classified relationship between the company and the Agency! This problem is typical of the uniqueness of any legal consideration of CIA/Industrial relations and therefore, it is possibly a suitable topic for the OGC seminar, i.e., how OGC can better meet the industrial security needs of the Agency and OS.

Please handle. From my vantage point OGC is extremely supportive of our legal requirements in PSD. I attribute most of this support to [redacted] but defer to your research with the branch chiefs and composition of a response. Deadline 1 July.
